Discussion concerning the issuance of Proclamation 20-01.

Mayor Thompson gave a brief overview of this Proclamation designating January 27<sup>th</sup> to February 1<sup>st</sup> as School Choice Week. He further explained that this proclamation was issued outside of a standard Council Meeting because of the dates recognized fell between meetings.

Introduction for First and Second reading of Ordinance 648.

Town Manager John Giles gave a brief overview of this ordinance stating that this ordinance arose from a recent appeal regarding the definition of Family in the Town’s rental code. The current definition says that a “Family” is a group of not more than 5 people who are living together related or not. This ordinance clarifies the definition to its intended use.

Councilman McKewen stated that he would like to sponsor this ordinance.

Town Solicitor James McMackin stated that he would just like to verify that the Town’s code allows for permissible group homes under the State’s law. The code may already address this, however, we should confirm.

**ACTION:** A motion was made by Councilman McKewen to approve Ordinance 648 for First and Second Reading. The motion was seconded by Mayor Thompson.

**VOTE:**            7-0                    All-in-favor                    Motion carried

Introduction for First and Second reading of Ordinance 649.

Chief Laura Giles gave a brief overview of this ordinance stating that the current fine structure for traffic violations has not changed in almost 40 years and the fines are low and do not deter anyone from committing the offenses. This ordinance increases the fines for these violations and will hopefully deter the offenses. She showed a brief comparison of other municipalities who adopted their own fine amounts and the number of tickets they wrote.

Councilman McKewen stated that he would like to sponsor this ordinance.

Mayor Thompson stated that he would like to know that the fines associated with this ordinance are to be a deterrent and not just budget related.

Chief Laura Giles stated that the current fine does not deter anyone, and an increased fine may cause the drivers to think twice before making those traffic violations. It will certainly increase the Town’s revenue; however, it is not the sole purpose of the proposal.

**ACTION:** A motion was made by Councilman Hurst to approve Ordinance 649 for First and Second Reading. The motion was seconded by Councilman McKewen.

**VOTE:**            7-0                    All-in-favor                    Motion carried

Discussion concerning legislation intended to be introduced by State Representative John L. Mitchell, which would allow the Town to establish an Alderman's Court.

Chief Laura Giles gave a lengthy overview and presentation of the proposed legislation. She stated that the local CCP Courts are being moved into the City to the County Courthouse. This requires residents to drive into the city and pay for parking. It would serve our residents better to offer an Alderman's court here at Town Hall. In addition to the convenience of not going into the city, because of court fees and security fees, the Alderman's court would be self sufficient and would not cost the Town. She stated that even if the Council requests the charter change, it will be an uphill battle in the legislation to get this bill approved because the State does not want to give up the funding that they receive for court fees.

**ACTION:** A motion was made by Councilwoman Personti table this discussion until the following documents are forwarded to the council so that all members can make an informed decision.

- Documents presented by the Chief at this meeting.
- Alderman's Court Annual Statistical Reports to the State from 2014 to 2018.
- Impact of Senate Bill 85 to Alderman's Courts.

Mayor Thompson stated that he does not believe that the motion to table is necessary because the agenda only states that this is an item for discussion, not an item for decision.

The motion failed to receive a second.

Mayor Thompson asked Councilwoman Personti if there is something they should be looking for in the requested reports.

Councilwoman Personti stated that everyone should review the reports and form their own opinions based off the information contained in them. She will not give her opinion until everyone evaluates the reports themselves.

Councilwoman Jensen stated that Councilwoman Personti's concerns may help those who don't have experience with the courts and do not look at these reports regularly.

Councilwoman Personti stated that these are statistical reports and that she does not believe that anyone needs to be familiar with courts to be able to form an opinion based on the information contained within. She does not wish to give her opinions until everyone has seen the reports because they may not concern everyone else.

Chief Laura Giles stated she would forward the requested documents and place the item on the March council agenda, however, she would like to be able to give representative Mitchell an idea of the Council's willingness to move forward with the request so that he can either stop spending valuable time and resources or continue to dedicate staff to work on this issue.

The consensus of council was to preliminarily move forward to obtain more information with no official approval at this time.

Consideration of Proclamation 20-02 designating March as Women’s History Month.

The second individual stated that they had another offer in northern New Jersey for \$200,000.00 yet continued to stay for interview with no interest in taking the position. The third was interested in the position but we felt they were unqualified for the position based on their experience. We will need to consider alternatives at this

time, I will be calling the members of Council to speak with them about some ideas for the position.

Councilwoman Jensen asked what salary is being offered for the position.

Town Manager John Giles stated that we are offering \$67,000.00 as approved in the Wage Compensation Plan.

Councilman Kacperski asked that a Charter Change for Annexation be proposed at the March Council Meeting. He stated that he would like the new provisions to mirror those adopted by the Town of Milton.

Mayor Thompson asked Town Solicitor to address liability questions to the Council in response to current events at Odyssey Charter School. What are the legal ramifications if someone were to secretly record an executive session without the consent of the remaining members of council?

Town Solicitor James McMackin stated that his concerns are two-fold, depending upon the content of what is recorded and what is leaked changes the liability. Individuals could have a lawsuit against the Town and Council Members individually. It is highly recommended that this never occur.
